

## FSS Okra Extract G PF

**Code:** FSS11086PF  
**INCI Name:** Glycerin & Abelmoschus Esculentus Fruit Extract  
**CAS #:** 56-81-5 & 999999-99-4  
**EINECS #:** 200-289-5 & 310-127-6

|                               |                                                                          |
|-------------------------------|--------------------------------------------------------------------------|
| <b>Temperature Stability</b>  | Stable up to 70°C                                                        |
| <b>pH Stability</b>           | 4 – 7                                                                    |
| <b>Suggested Use Level</b>    | 1.00% - 10.00%                                                           |
| <b>Solubility</b>             | Water Soluble                                                            |
| <b>Ionic State</b>            | Nonionic                                                                 |
| <b>Compatibility</b>          | 10% of FSS Okra Extract G PF is compatible with up to 90% alcohol        |
| <b>Formulation Guidelines</b> | <b>FSS Okra Extract G PF</b> can be incorporated into the aqueous phase. |
