### Other hazards which do not result in classification:

**FSS Camellia Japonica Extract ECO** 

No particular fire or explosion hazard. By mechanical effect: No particular hazards. By hygroscopic effect: No particular hazards.

### US NFPA 704 (National Fire Protection Association) Hazard Rating System:

Health hazard: Rating 0; Normal Material Flammability: Rating 0, Will Not Burn Reactivity: Rating 0, Stable Other Hazard Information: None

#### Results of PBT and vPvB assessment:

-PBT: Not applicable -vPvB: Not applicable

### **SECTION 3. COMPOSITION / INFORMATION ON INGREDIENTS**

Common Chemical Name:

Water & Camellia Japonica Leaf Extract

Generic name:

Chemical Family: Extract

Description: Mixture: consisting of the following components. This section describes all components of the mixture

| <u>Substance</u>                 | CAS Numbers | EC Numbers | Percentage |
|----------------------------------|-------------|------------|------------|
| Water                            | 7732-18-5   | 231-791-2  | 78.00%     |
| Camellia Japonica Leaf Extract   | 223748-13-8 | N/A        | 20.00%     |
| Populus Tremuloides Bark Extract | 90083-05-9  | 290-199-2  | 2.00%      |
|                                  |             |            |            |

Formula:

Not applicable

### **SECTION 4. FIRST-AID MEASURES**

| General:      | In all cases of doubt, or when symptoms persist, seek medical attention.  |
|---------------|---|
| Inhalation:   | Move to fresh air from exposure area. Get medical attention for any breathing difficulty.                                   |
| Skin contact: | Rinse with soap and water. Get medical advice if irritation develops.   |
| Eye contact:  | Immediately rinse with plenty of water for at least 15 minutes, while keeping the eyes wide open. Consult with a physician. |

|-------------------------------|--|--|
| Date: 09 / 23 / 2022          | Version: 5   | Cancels and replaces version: 4          |
| Ingestion:                    | Consult with a physician.  |  |
| Protection of first-aiders:   | No special protection required.  |  |
| SECTION 5. FIRE-FIGHTING      | MEASURES   |  |
| Fire and explosion hazards:   | Not considered to be a fire and explosion hazard   |  |
| Extinguishing media:          |  |  |
| Suitable:                     | Water, dry chemicals, foam and carbon dioxide  |  |
| Not suitable:                 | None known   |  |
| Fire fighting:                | Move container from fire area if it can be done without risk.<br>Avoid inhalation of material or combustion by-products.<br>Stay upwind and keep out of low area |  |
| Protection for fire-fighters: | Boots, gloves, goggles.  |  |
| SECTION 6. ACCIDENTAL RE      | ELEASE MEASURES  |  |
| Personal precautions:         | Avoid contact with eyes.   |  |
|                               | Personal Protective Equipment:<br>-Protective goggles  |  |
| Environmental precautions:    | Prevent entry into sewers and waterways. Do not allow material to contaminate ground water system  |  |
| Methods for cleaning up:      |  |  |
| Recovery:                     | Pick up free liquid for recycling or a absorbed on an inert material. Swe a clearly labeled waste container, a   | eep or vacuum up any powder and place in |
| Cleaning/Decontamination:     | Wash non-recoverable remainder   | with water.                              |
| Disposal:                     | For disposal of residues refer to se   | ections 8 & 13.                          |

### SECTION 7. HANDLING AND STORAGE

Handling Technical measures: Measures:

Safe handling advice:

Labeling: Keep out of the reach of children. For industrial use, only as directed. Wash hands after use. Avoid storage near feed or food stuff.

- Section 11 (Toxicological Information)

The information given is based on our knowledge of this product, at the time of publication in good faith. The attention of the user is drawn to the possible risks incurred by using the product for any other purpose other than which it was intended. This is not in any way excuse the user from knowing and applying all the regulations governing their activity. It is sole responsibility of the user to take all precautions required in handling the product. The purpose of mandatory regulation mentioned is to help the user to fulfill his obligations regarding the use of products. This information is not exhaustive, this is not exonerate the user from ensuring that legal obligations other than those mentioned, relating to the use and storage.
